## AI Policy Overview

Pennsylvania lawmakers have yet to prioritize artificial intelligence policies broadly. However, Governor Josh Shapiro (D) signed an [executive order](#) in 2023, establishing a Generative AI Governing Board to guide policy, use, and deployment of the technology by the state.

On Feb. 5, 2024, House Republican leaders established an [Artificial Intelligence Opportunity Task Force](#), composed of five fellow House Republicans, to monitor and guide the growth of these technologies. The task force looks to utilize AI to achieve a "thriving economy, affordable living, safe communities, and family-centered opportunities" for children. Appointees to the Task Force are Reps. Jason Ortity, Valerie Gaydos, Robert Leadbeter, Alec Ryncavage, and Stephenie Scialabba.
